

Mayo 4 de 2019

Last week in the second part of this big Project in Kenya, where they gave a lot of help for all the people in this new school. All the windows and doors were rightly placed and even still have unfinished details in the deck, they had not been able to finished for a delay with the delivery of wood because of the bad weather. Similarly, they have been a great Project and they hope in a future they would have more.
